Fig. S12. Mapping of microhabitat of adults. If a species is known from more than one type of habitat, all the different microhabitats are reflected in the coding. See section 2.4.4. for definitions and Table S4 for information on microhabitat. The tree is based on the ML-T-P (Fig. 3) and ML-C-P (Fig. S4) trees, see section 2.5. for details.
