Erratum

Mayr, G., Clarke, J., 2004. The deep divergences of neornithine birds: a phylogenetic analysis of morphological characters. *Cladistics*, 19(6): 527–553.

In the legend of Fig. 9, the letters unfortunately have been confounded. The correct lettering reads: F, *Elanus leucurus* (Accipitridae, Falconiformes); G, *Psophia*

crepitans (Psophiidae, “Gruiformes”); H, *Tinamus solitarius* (Tinamidae, Tinamiformes).

Also confounded is the coding of character 85 for Opisthocomidae and Anatidae in the character matrix in Appendix B. The correct coding is “0” for Anatidae and “1” for Opisthocomidae.
