Mayr, G., Manegold, A. & Johansson, U.: Monophyletic groups within ‘higher land birds’ – comparison of morphological and molecular data. *Journal of Zoological Systematics and Evolutionary Research*, **41**(4): 233–248.

Due to a mistake in journal production some character codings are incorrect in the character matrix of Mayr *et al.* (2003). The correct character matrix used for the analysis, i.e. that of the submitted manuscript, is given below.
