PREFACE: H.E. Dr Mohammed bin Ibrahim Al-Suwaiyel	IX
FOREWORD: Editors	XI
AUTHOR'S PREFACE	1
INTRODUCTION	4
The Arabian Peninsula	4
Collection of records	6
Data sources	8
Observers and other contributors	8
ABBA surveys	8
Literature records	9
Museum and archive records	10
Regional bias in the collection of records	11
Sharing information, "The Phoenix" and the future of ABBA	12
ACKNOWLEDGEMENTS	14
Contributors	16
Institutions	18
CHAPTER 1: ASPECTS OF ARABIAN ORNITHOLOGY	19
Endemism	19
Endemic land-birds of Arabia	21
Near-endemic species of the Arabian mainland	26
Endemics of the Socotra Archipelago	27
Seabirds endemic to Arabian waters	30
Nomadism	32
Exotic birds in Arabia	37
Exotics breeding ferally	39
Exotics that may be confused with indigenous breeding birds	42
Non-breeding escapes	43
Reintroductions	43
Extermination campaigns	43
CHAPTER 2: FACTORS AFFECTING BIRD DISTRIBUTION IN ARABIA	45
Climate and altitude	45
Rainfall	45
Temperature	47
Wind	47
Altitude	48
Birds' strategies in coping with the Arabian climate	50
Climate change	54
Geology and topography	55
Arabian landforms	56

Wadis	56
Sand-seas	58
Sabkhas	58
Harrats	58
Vegetation	59
Some plants important to birds	60
Acacia	60
Ghaf	60
Juniper	61
Mangrove	62
Date Palm	65
Reed beds	65
Doum Palm	65
Other important plants and some unimportant ones	65
Habitats and habitat change	66
Arable farms and breeding birds	66
Animal husbandry and effects on birds	71
Natural wetland habitats	72
Man-made wetlands	74
Traditional sites	74
Modern sewage sites	74
The Riyadh River	75
Other man-made wetland sites	76
Urban and suburban habitats	77
Development and government projects	77
Zoogeography	78
Palearctic birds	79
Afrotropical birds	80
Indo-Malayan birds	82
Species with mixed affinity to two or more realms	83
CHAPTER 3: REGIONAL BIRD COMMUNITIES AND HABITATS	84
Northern Arabia	84
Central and southern Arabia	86
Sand-seas and arid sand deserts	88
The Tihama	90
The south-west highlands	92
The Gulf coastal lowlands	93
Eastern Arabia	94
The Mahra Region	96
The Socotra Archipelago	98
Coasts and islands	100
CHAPTER 4: CONSERVATION	104
Traditional human exploitation and conservation issues	104
The main conservation issues in Arabia	106
Loss of habitat and habitat change	107
Pollution	109
Rubbish and sewage disposal	110
Farming and agriculture	110
Oil pollution	110
Introduced alien bird species, predators and plants	112
Hunting	114
Other human development issues	114
Arabian species of global conservation concern	116

Threatened species and particular problems in Arabia	117
Conservation actions and needs	118
Action by each state to protect bird environments	118
Bahrain	118
Kuwait	119
Oman	119
Qatar	119
Saudi Arabia	119
United Arab Emirates (UAE)	120
Yemen	120
Conservation activities by NGOs and individuals	121
CHAPTER 5: THE BREEDING BIRDS	122
Nomenclature and taxonomy	122
Breeding regimes and seasons	123
Remaining gaps in knowledge	123
The species accounts	124
Species account formats	124
Standard species account contents	125
Species (first paragraph block)	125
Status in Arabia (second paragraph block)	125
Habitat utilisation and ecological requirements (third paragraph block)	126
Breeding issues (fourth paragraph block)	126
Distribution maps	126
General literature consulted in the preparation of the species accounts	127
SPECIES ACCOUNTS	129
Struthionidae – Ostrich	129
Numididae – Guineafowl	132
Phasianidae – Partridges and allies	135
Anatidae – Swans, geese and ducks	150
Procellariidae – Petrels and shearwaters	159
Podicipedidae – Grebes	164
Phoenicopteridae – Flamingos	169
Ciconiidae – Storks	172
Threskiornithidae – Ibises and spoonbills	175
Ardeidae – Herons and bitterns	180
Phaethontidae – Tropicbirds	201
Scopidae – Hamerkop	204
Pelecanidae – Pelicans	206
Sulidae – Boobies and gannets	210
Phalacrocoracidae – Cormorants	215
Falconidae – Falcons and allies	222
Accipitridae – Osprey, kites, vultures, hawks and eagles	236
Otididae – Bustards	274
Rallidae – Rails and coots	280
Gruidae – Cranes	292
Turnicidae – Buttonquails	293
Burhinidae – Thick-knees	295
Dromadidae – Crab Plover	300
Recurvirostridae – Stilts and avocets	304
Charadriidae – Plovers	309
Jacanidae – Jacanas	321
Glareolidae – Coursers and pratincoles	323
Laridae – Gulls and terns	328

Pteroclididae – Sandgrouse	362
Columbidae – Pigeons and doves	372
Psittacidae – Parrots and cockatoos	396
Cuculidae – Cuckoos	403
Tytonidae – Barn Owls	411
Strigidae – Typical Owls	413
Caprimulgidae – Nightjars	427
Apodidae – Swifts	433
Coraciidae – Rollers	443
Alcedinidae – Kingfishers	449
Meropidae – Bee-eaters	457
Upupidae – Hoopoe	466
Bucerotidae – Hornbills	469
Picidae – Woodpeckers	471
Malaconotidae – Bush-shrikes and allies	474
Laniidae – Shrikes	476
Oriolidae – Orioles	485
Monarchidae – Paradise flycatchers and allies	487
Corvidae – Crows	489
Hirundinidae – Martins and swallows	499
Alaudidae – Larks	504
Cisticolidae – Cisticolas and allies	531
Pycnonotidae – Bulbuls	541
Sylviidae – Old World warblers	549
Timaliidae – Babblers and allies	573
Zosteropidae – White-eyes	578
Sturnidae – Starlings and allies	582
Turdidae – Thrushes	601
Muscicapidae – Chats and Old World flycatchers	604
Nectariniidae – Sunbirds	629
Passeridae – Old World sparrows	639
Ploceidae – Weavers	655
Estrildidae – Waxbills, munias and allies	666
Prunellidae – Accentors	677
Motacillidae – Wagtails and pipits	679
Fringillidae – Finches	685
Emberizidae – Buntings and allies	701
